IN RE: Carolina Power and Light Company -
Proposed Revisions to its Time-of-Use
Schedules and Service Regulations

) ORDER ADDRESSING
) PROPOSED
) REVISIONS TO
) TIME-OF-USE
) SCHEDULES AND
) SERVICE
) REGULATIONS

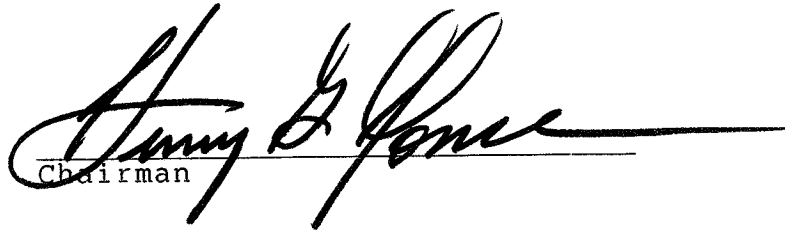

This matter is before the Public Service Commission of South Carolina (the Commission) on Carolina Power & Light Company's (CP&L's or the Company's) proposed revisions to its Time-of-Use Schedules and Service Regulations. Specifically, for billing purposes, CP&L proposes to consider as off-peak the Friday preceding a Saturday holiday and the following Monday after a Sunday holiday.¹ In addition, CP&L proposes to increase the charge for restoration of service during normal working hours from \$15.00 to \$30.00 and the charge for restoration of service during all other hours from \$15.00 to \$75.00. Finally, CP&L proposes to increase the connection charge applicable to new accounts from \$15.00 to \$17.00.

1. The Company's Time-of-Use Schedules specify that New Year's Day (January 1), Independence Day (July 4), and Christmas Day (December 25) are the established holidays considered off-peak for billing purposes.

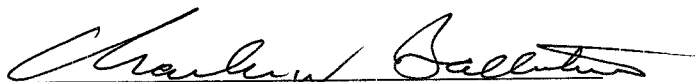

The Commission has reviewed CP&L's proposed revisions to its Time-of-Use Schedules and Service Regulations. The Commission concludes that CP&L's requested revisions to its Time-of-Use Schedules to reflect as off-peak the Friday preceding a Saturday holiday and the Monday following a Sunday holiday should be and is hereby granted. However, the Commission concludes that CP&L's request to revise its Service Regulations to increase its connection and reconnection charges from \$15.00 to \$17.00 and \$15.00 to \$30.00 or \$75.00 (depending on the hour), respectively, should be and is hereby denied.

IT IS SO ORDERED.
